

**Electrical Analysis report with Harmonics**  
**Product : LED Flameproof Street Light 60W**

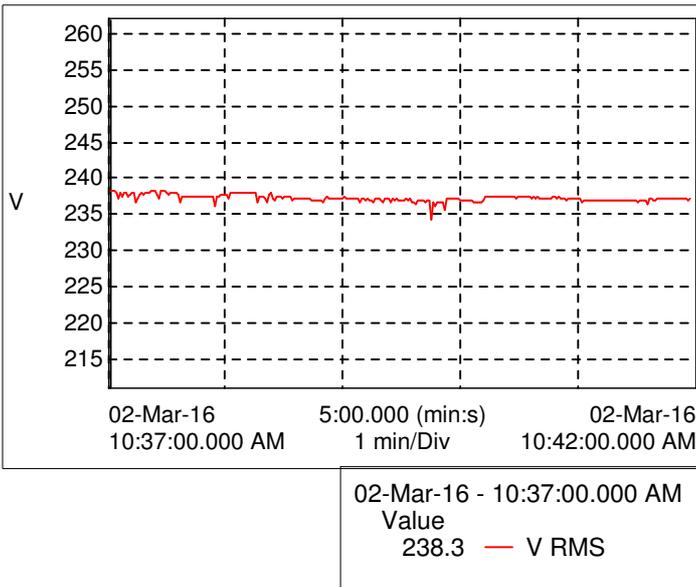

**Product : Flame Proof Street Light 60 W**

**Recording Start Date**      02-Mar-16  
**Recording Duration**      5:00 (min:s)  
**Instrument ID**              Model C.A 8230 - 103247 1.6  
**Database File Name**      Trend PLD60.dvb  
**Instrument Configuration**      Connection Type: Single-Phase

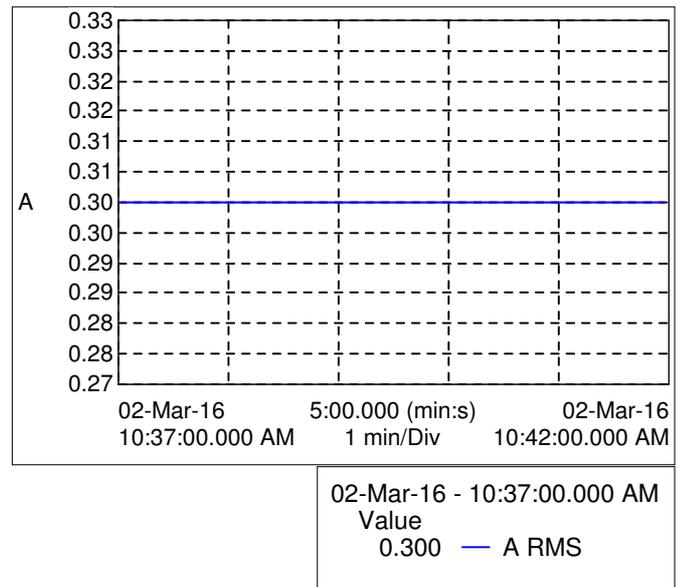

**Title** : Graphs – Voltage/ Current/ Power/ PF  
**Product** : LED Flame Proof Street Light

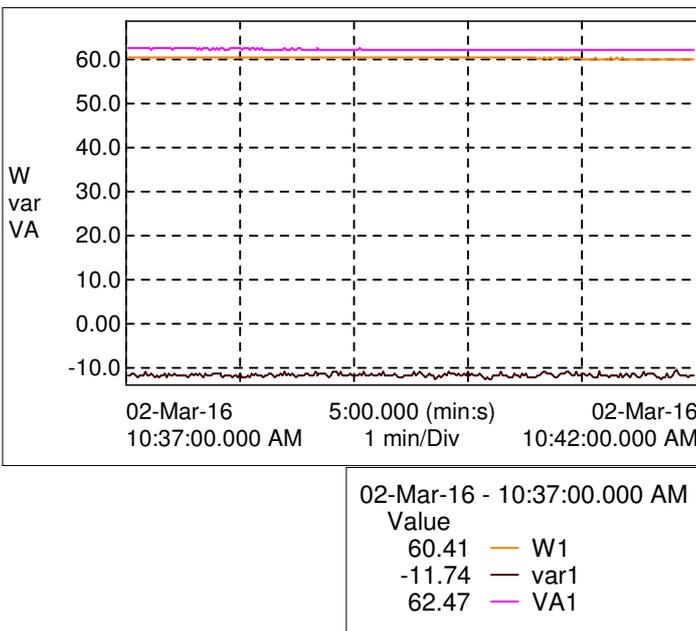

Graph - Voltage (Vrms)

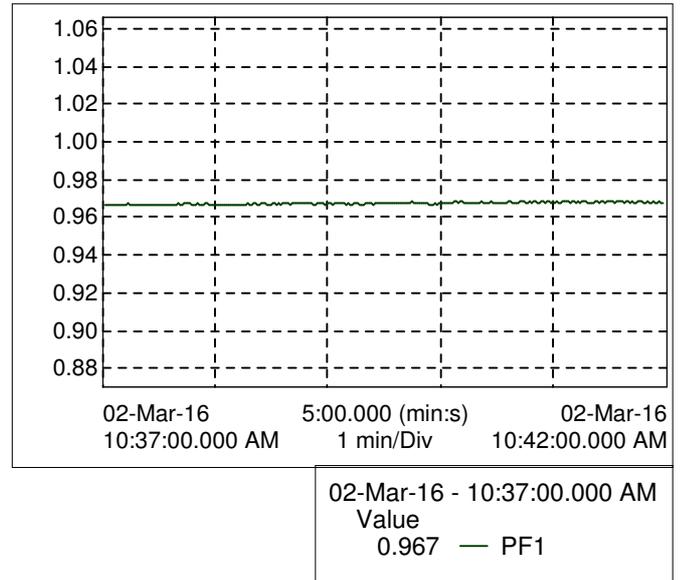

Graph - Current (Arms)

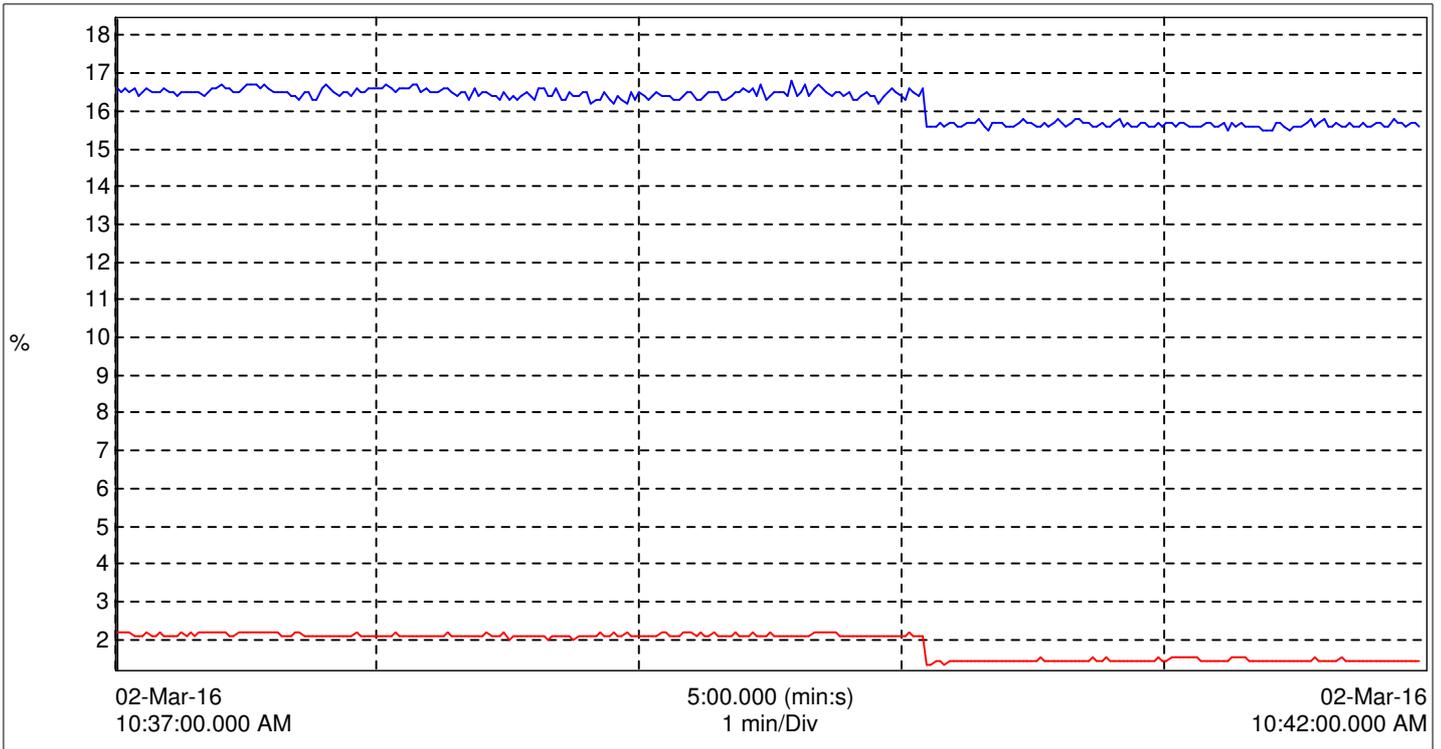

Graph - True Power (W) / Apprent Power (VA) /  
Reactive Power (var)

Graph - Power Factor (PF)

**Title** : Total Harmonics Distortion Graph  
**Product** : LED Flame Proof Street Light

Graph - Total Harmonic Distortion - ATHD / VTHD

02-Mar-16 - 10:37:00.000 AM	
Value	
2.200	— V THD
16.60	— A THD
